

The City of Manchester, NH

Commission on Child Care

The City of Manchester Commission on Child Care's mission is to bring together families, providers, businesses, and policymakers to develop a report for how Manchester can continue to thrive — with every family having access to affordable, high-quality child care, and every provider having the supports necessary to succeed.

The Commission wants to hear directly from families.

Please join us for an open, confidential conversation about what's working, what's challenging, and what would help better serve Manchester's families.

Your input will help inform the Commission's work.
